

MISSION POSSIBLE

When joining CupCycling I PLEDGE TO:

- To charge my customers the recommended \$5 for their cup, when they join CupCycling
- If possible, give my customers a small discount on their hot drink when they are CupCycling.
- Accept **ANY** regionally branded CupCycling Cup at my cafe, which is part of the nationwide network of cafes; as long as it has the CupCycling logo printed on it

PLEASE NOTE:

So cups can continue to be swapped and used in ANY region across the national CupCycling network in New Zealand

- Where possible, choose to use IdealCup's recommended disposable lids when CupCycling (Compostable or Wood Pulp) as both these options are tested as sound and unlikely to leak; where others may leak.
- Not **SELL** CupCycling cups as a retail item and **only use them for CupCycling**. If I wish to sell IdealCups as a retail item, I will contact IdealCup to discuss the options available to me.
- To keep CupCycling Cups clean at all times. If there are any marks on the outside of the cups, I will wipe these with an eco-friendly cream cleanser and wash them in the steriliser/dishwasher.
- Accept back from anyone at anytime, any damaged or unusable CupCycling Cups. I will hold these cups until I have a suitable amount for collection, then notify IdealCup who will arrange for their collection.

PLEASE NOTE:

This is so cups can be returned to our manufacturer, ground down and reprocessed into new black IdealCups and lids. This is our commitment to Product Stewardship.

- RECORD the number of disposable cups I have diverted from landfill, via the data collection system and report these each week to IdealCup; through the EMAIL or SMS weekly prompt I receive

PLEASE NOTE

This data submission is required when CupCycling has been subsidised by a local council or community group. It is desirable to receive the data regardless of subsidy; so we can accurately showcase cups diverted from landfill statistics.

- To pay IdealCup the monthly membership, by direct debit, when I join CupCycling and honour the membership term I agreed to when I joined.
- If I require more cups and my regionally branded cups are not currently available, I will receive the generic "Kiwiana branded" CupCycling Cups in their place.
- Notify IdealCup if I sell my business and provide IdealCup with the contact details for the new owner(s)
- Notify any potential new business owner(s) of my financial commitment and pledge I have made to CupCycling.
