

Introducing the Wood Pulp 'Evielid' - A World First!

KEY FEATURES

- Fits the IdealCup - NO LEAKING!
- Non-toxic wood pulp
- Biodegradable and compostable
- AsureQuality **Certified Organic**
- Made from renewable resources
- Remains rigid when exposed to hot substances
- Certified food safe to US FDA standards
- Compost certification #052C
- Approved feed stock for 'certified organic compost'
- Earth & Worm Farm friendly

We'll be honest, the Evielid does feel a little different on the lips and... your coffee will likely stain the wood pulp lid when you're using it

And we say **WHO CARES!!!!** *Because they are better for the environment and that's what matters!!!*

Available now from IdealCup:
